MEMORANDUM FOR Rock Island District Employees

SUBJECT: Department of Defense Priority Placement Program

1. The Department of Defense Priority Placement Program (DoD PPP) provides a strong placement assistance program to minimize the effects on employees caused by such actions as base closures, reductions-in-force, contracting out, position classification decisions, rotation from overseas, and transfers of function.
2. The program seeks to provide a stability in DoD civilian employment and simultaneously offers a prime recruiting source for available vacancies. It is also an excellent vehicle for maximizing the opportunity to retain the talents of DoD personnel who have or will be separated through no fault of their own.
3. As Commander, I am personally committed to the goals and objectives of the DoD PPP and expect that District personnel will support this placement assistance program without qualification.
4. It is the responsibility of each supervisor and manager to actively support the DoD PPP by willingly accepting displaced employees as they are placed into their organizations.
